Greeting from NC South Africa

Dear Colleagues

It is indeed an honour and privilege to welcome you to South Africa for the 81st IFLA General Conference and Assembly, which we see as an event of significance for the entire African continent!

The theme “Dynamic Libraries: Access, Development and Transformation” is of critical importance to strengthen democracy on a continent where libraries need to connect with civil society to demonstrate the value they add in eradicating poverty, illiteracy, unemployment and ignorance with special emphasis on early childhood development, youth services, women’s health and local economic development. It is our aim to ensure a robust and empowering experience for as many local and international librarians so that the impact of this international professional exchange will resonate for years to come.

South Africa has a rich history of libraries dating back to 1818, when the first South African Public Library was proclaimed by Lord Charles Somerset, “to place the means of knowledge within the reach of the youth of this remote corner of the globe.” Although not remote anymore, this proclamation still holds true today! After 20 years of democracy, South African libraries are emerging as important partners to education and lifelong learning. In an effort to create dynamic libraries to facilitate access to information, enhance development and promote transformation, government continues to provide funding to build new libraries, redefinition of library spaces, services and facilities thereby deepening our young democracy.

Libraries have been selected to showcase their rich architecture, special collections and features of contemporary library spaces. During your visits to renowned university, national, special and public libraries, you will observe and experience local best practices and innovations; share your ideas with local librarians; and explore opportunities for collaboration so that the global library network expands.

Greeting from NC South Africa

This is also an invitation for you to sample the rich mosaic of South African history, thought, culture, food, wine, music and natural beauty encapsulated in the beautiful cosmopolitan city of Cape Town. Popularly known as the Mother City, Cape Town is the 2014 World Design Capital and has been ranked as the top 2014 holiday destination by The Guardian and The New York Times.

Nestled in the shadow of Table Mountain and bordered by the Atlantic and Indian Oceans, Cape Town and the Western Cape region is host to some of the most beautiful coastlines, wine-lands, gardens, natural landscapes and a variety of beautiful places. During August, the region is host to some of the finest food and wine festivals, and the Cape Floral Kingdom is abloom with hundreds of species of fynbos and wild flowers just waiting for you to explore and enjoy.

On behalf of the National Committee of the IFLA WLIC 2015 and the African library and information services community, we welcome you!

Ujala Satgoor
NC Chairperson
LIASA President

Segametsi Molawa

LIASA President-Elect

Greeting from Minister of Arts and Culture

Dear Delegates,

South Africa hosts the 81st IFLA GENERAL CONFERENCE AND ASSEMBLY, 15 – 21 AUGUST 2015

It is an honour for me, on behalf of the President of South Africa, Mr J Zuma, and all South Africans to welcome you to our beautiful country for this important international gathering of librarians and information specialists. We acknowledge IFLA for recognising our country as a worthy host for the IFLA World Library and Information Congress to be held in Cape Town from 15-21 August 2015.

History will be repeating itself in 2015 as it will be the second time within a decade that South Africa will be hosting the IFLA Congress but also the third time it will be held on the African continent. Many of you will remember that we successfully hosted the 2007 IFLA Congress in Durban. Your presence in our country in 2007 has forged links throughout the African continent that will be further strengthened next year.

The South African government is committed to developing an informed nation and to this end is proud of the initiatives and passion that the library and information services (LIS) sector in South Africa is displaying with regard to transforming and developing library services in the country to the benefit of all citizens. The sector is well organised and cooperates closely to improve services and to raise awareness of the impact that libraries have on the personal, educational and socio-economic development of our people.

The Library and information Services Charter developed by the sector provides a framework that will enable the sector and government to address the information challenges that face our country, such as information illiteracy, and the creation of a culture of reading, and provides policy guidelines on how to position the sector as an integral part of the knowledge economy and sustainable development. There are many challenges that the sector still faces, but government will be supporting communities, as part of its vision for 2030, to gain access to the resources they need to develop their capabilities.

Greeting from Minister of Arts and Culture

Therefore a conference of this stature is an important platform for professional engagement, the exchange and sharing of ideas, learning from others and hopefully identify areas for partnerships and collaborations. It is an opportunity for us to showcase our libraries, our professionals and best practices that are emerging as critical development partners throughout the African continent.

On behalf of the South African government, the South African people, the library and information services sector and the Library and Information Association of South Africa (LIASA), we invite you to join us in Cape Town, South Africa, from 15-21 August 2015.

I wish to extend a warm welcome to you and the IFLA Congress to South Africa and especially to Cape Town, the "Mother City and the legislative capital" in 2015. Come and experience the natural beauty of the city, the mountain, the food, and the culture that this world renowned city has to offer.

Yours sincerely

Mr N. Mthethwa

Minister of Arts and Culture
