Message from IFLA RSCAO Chair

Dear Colleagues and Friends,

The year of 2020 that brought immense difficulties has finally come to an end! On behalf of the IFLA Asia and Oceania Section, I wish you and your family a happy, healthy and prosperous 2021.

Among a multitude of issues that we faced; Covid-19 pandemic stood out as the paramount challenge which had affected every walk of life. Last year saw the cancellation of in-person meetings and conferences within IFLA and beyond. Nevertheless, with technology, we managed to engage the library communities and connect with each other through various online channels. [\[Link\]](#)

Message from IFLA Regional Office

Dear Friends,

After more than a year, the coronavirus is still very much with us. Countries have channelled most of their financial resources to fight the virus and purchase vaccines to contain the spread. Such actions have impacted many library operations as we compete for funding. Amid these times, it is refreshing to learn that IFLA has secured approval for its new statutes that would give us the structures and tools to deliver a more inclusive, effectively and transparency organisation. You can read this in the IFLA announcement on their website. [\[Link\]](#)

Sincerely,
Soh Lin Li
