

APPENDIX G: SUBJECT SYSTEMS CODES

Introduction

The following are lists of subject systems codes for published thesauri and classification schemes. Maintaining agencies are in parentheses ().

The codes are required for subfield \$2 of fields 102 (Country of Publication or Production), 600-608, 615 (thesauri), 631-632 (occupation and function) and field 686 (classification codes).

Other codes may be registered with the Permanent UNIMARC Committee by submitting registration details including suggested code, author, title, imprint and maintaining agency.
