

1-- CODED INFORMATION BLOCK

Definition and Scope of Fields

This block contains coded fixed-length data elements.

Notes on Field Contents

Data in these fields is defined in terms of the position of the character, counting the first character following the subfield identifier as zero. If a bibliographic agency does not supply any coded information in a given field, the field will be omitted unless mandatory. If some data in a field is supplied but not all, the omitted data element positions will contain fill characters.
