1. Matters arising not elsewhere on the agenda
From the meeting of 26 August 2021
There were no matters arising from the meeting of 26 August 2021.

2. IFLA Finances – Report by former treasurer A. Arachova
The President gave a short introduction explaining that according to the IFLA Statutes and Rules of Procedure, the GB should establish a Risk and Finance Committee. The President requested Governing Board members to send their expressions of interest for this position, including their motivation and their experience in financial matters and risk management, to the Secretary General. The Committee further requires one external member who is a specialist in Dutch law and regulations.

The establishment of the Committee will take place at the next GB meeting, and GB members will be provided with further information before the meeting.

A question was raised regarding the possibilities of engagement for Governing Board members in other committees. It was clarified that the GB can establish other committees whenever the need arises, for example when support is needed for the WLIC or other large projects, but that the Risk and Finance Committee is the only Committee that has to be established according to the Statutes.

Former Treasurer Antonia Arahova presented the 2021 half year financial report. At this stage of the year the forecasted end of year core business result, including core business, Key Initiatives and Earmarked reserves is a deficit of €99,335, compared with a budgeted deficit of €18,277.
